

Paying for your pick-up just got better.

From cash to credit cards, Rumpke offers a variety of payment options. Which one works for you?

PAY ONLINE

Save some trees. Go paperless.

Click on the option to pay your bill online located in the center column on the web page.

Experience the ease and efficiency of online bill pay, including payment reminders via email, the ability to pay other utility bills in one place and access to real-time transaction history.

** CheckFree requires secured social security verification to confirm identity and prevent use of stolen funds.*

You may also make a payment using your bank's online payment system.

USE AUTO DEBIT

Authorize Rumpke to deduct your payment for you.

It's easy! The auto debit option electronically deducts your Rumpke payment from a designated bank account. Rumpke will mail you a monthly statement for your records.
