1-866-829-1086 Southwest Airlines Kuwait Office

Here's what I found regarding **Southwest Airlines and any office presence in Kuwait**:

❌ No Official Southwest Airlines Office in Kuwait

- **Southwest Airlines does *not* have a listed corporate, sales, or ticket office in Kuwait City or elsewhere in Kuwait.** There is *no official street address or local office* for Southwest published by the airline on its contact pages or in global office listings. ([FlightsOffices](#))
- The airline *does not appear* in public airport airline directories at **Kuwait International Airport (KWI)**, meaning there is **no dedicated Southwest counter or office listed there**. ([Kuwait Airport](#))

📞 How to Contact Southwest from Kuwait

Since there is no local office, the best ways to get support are through Southwest's **official global contact channels**:

📍 Official Customer Service

- **Southwest Airlines customer service (general/int'l): +1‑800‑435‑9792** — this is the main support number where you can make reservations, change flights, or ask questions; it can usually be dialed internationally (international calling charges may apply). ([Customer Service XYZ](#))

🌐 Online Support

- Visit the **official Southwest "Contact Us" page** for options such as live chat, email support, and help with bookings: https://www.southwest.com/contact_us/ ([Southwest Airlines](#))

🛫 Airline Presence at Kuwait Airport

While Southwest itself doesn't list flights at Kuwait International Airport (KWI), some directory pages mention *Southwest "terminal" contact info* including airport address and phone numbers like +1-877-445-3112 or +965 1804 444, but these aren't official Southwest local offices; rather, they appear on third-party sites and should be treated with caution. ([Flight Terminal Desk](#))

📌 Summary

- ✖️ **No official Southwest Airlines office in Kuwait** exists with a public address.

- 📞 The reliable way to contact Southwest from Kuwait is via **official international customer support phone lines** (e.g., +1-800-435-9792) or the **website support tools**. ([Customer Service XYZ](#))

If you **need help calling from Kuwait (dialing format and best hours)** or want local airport assistance options in case Southwest partners with another airline in the region, I can help with that too!
