

# 1-866-829-1086 Southwest Airlines Oslo Office

Southwest Airlines does **not** have a standalone customer service office, ticketing office, or corporate branch in **Oslo** (nor anywhere else in Norway). Southwest's customer support is handled through **centralized channels based in the United States** — not by local walk-in offices abroad. Southwest also currently **does not operate scheduled flights into Oslo Airport (OSL)** under its own operations. ([Airports Terminal Hub](#))

Directory listings that mention a Southwest “terminal” at **Oslo lufthavn (Gardermoen)** are *not verified* by Southwest and generally reflect generic airport database entries rather than an official airline service desk. ([Airports Terminal Hub](#))

## Oslo Airport, Gardermoen

- **Name:** Oslo Airport (OSL)
- **Location:** Edvard Munchs veg, 2061 Gardermoen, Norway ([Wikipedia](#))  
Airlines that *do* operate counters at Oslo Airport include carriers like SAS, Norwegian, Widerøe, Delta, etc., but **Southwest is not one of them.** ([Airofficedesks](#))

## How to Contact Southwest Airlines from Oslo / Norway

Since there's no local office, here are the **official ways to reach Southwest Airlines:**

### Call Southwest Customer Service (Official)

- Visit [https://www.southwest.com/contact\\_us/](https://www.southwest.com/contact_us/) for full support options, including live chat. ([Southwest Airlines](#))
- **Main U.S. Customer Service:** Southwest's official phone support numbers (e.g., 1-800-435-9792 or other variants listed on official pages) are the primary way to speak with agents about bookings, changes, refunds, and baggage support. ([Southwest Airlines](#))
  - From Norway, include the international dialing prefix (e.g., **00 1-800-435-9792**).

 **Mobile & Online Support:** You can use the Southwest mobile app and online help tools to check in, manage reservations, see flight status, or connect to live support. ([Southwest Airlines](#))

---

## Important Context

- Southwest does not currently fly to Oslo as part of its route network\* — flights to Oslo from the U.S. are typically operated by other carriers, or potentially by partner carriers through interline agreements (e.g., via an Icelandair partnership that offers connectivity into Europe). ([I95 Business](#))
- Because the airline has no scheduled service to Oslo, there are **no Southwest ticket counters or staffed desks** at Oslo Airport or other airports in Norway.
