

1-866-829-1086 Southwest Airlines Riyadh Office

Southwest Airlines does ****not** have an official customer service office, ticketing office, or walk-in location in **Riyadh, Saudi Arabia**. The airline is a U.S.-based carrier with its **headquarters in Dallas, Texas** and *does not publish any Saudi Arabia office address* where you can go in person for support.

Third-party directories sometimes list a “Southwest Airlines Riyadh Office” with phone numbers or airport contacts, but these listings **are not confirmed by the airline itself** and should be viewed with caution.

Southwest’s current route map shows flights within the United States and into nearby international regions like Mexico, the Caribbean, and Central America — *not to Riyadh or Saudi Arabia* at this time.

How to Contact Southwest from Riyadh / Saudi Arabia

Since there’s no official local office, here’s how to get **real Southwest support**:

Official Customer Service (U.S.)

- **Phone (Reservations & General Support):**  **+1-800-435-9792** — Southwest’s main contact number for reservations, flight changes, baggage, and assistance. (Dial Saudi international exit code **00** before the +1 if calling from Saudi Arabia on a landline.)
- **Headquarters:** Southwest’s corporate and operational headquarters are on the grounds of **Dallas Love Field, Dallas, Texas** — where customer support and airline operations are coordinated.

Online & App Support

- **Official Website Contact Page:** https://www.southwest.com/contact_us — live chat, help topics, and assistance forms.
- **Southwest Mobile App:** Manage bookings, check in, view flight status, and get support tools directly on your phone.

These are the official and recommended channels for handling bookings, changes, refunds, Rapid Rewards questions, and more.

Why There's No Southwest Office in Riyadh

Southwest currently **does not fly scheduled service to Riyadh** or anywhere in the Middle East, and the airline's international network (outside Mexico, the Caribbean, and Central America) is quite limited. This means **no physical ticket counter or local office is maintained** in Riyadh or elsewhere in Saudi Arabia.

Southwest *has expressed interest in potential long-haul expansion* in the future — including applications to the U.S. Department of Transportation for broader international flying authority — but nothing concrete has been announced that would involve Middle Eastern stations at this time.

What You *Would* See in Riyadh Airports

If you are travelling through **King Khalid International Airport (RUH)** in Riyadh, you will find counters for licensed carriers that actually operate there (e.g., Saudia, flynas, Riyadh Air, etc.), but **not Southwest**.

For example, Saudi Arabia's national airline **Saudia** does have official office and reservation contacts in Riyadh at and around the airport, but this is a different carrier entirely.

Summary

Item	Status
Southwest Airlines Riyadh Office	✗ No official local office
Southwest presence at Riyadh (RUH) Airport	✗ No ticket counters / airline desks
Official contact (for help)	☎ +1-800-435-9792 (U.S. customer service)
Where Southwest flies	U.S., Mexico, Caribbean, Central America — not Saudi Arabia

If you'd like, I can help with **how to dial the U.S. Southwest support number from Saudi Arabia** (including the correct international prefix), or explain **how to connect itineraries from Riyadh to Southwest flights via U.S. gateways!**
