

# 1-866-829-1086 Southwest Airlines Victoria Office

Here's **what's (and isn't) available for a "Southwest Airlines Victoria Office"** — because cities named *Victoria* exist in multiple countries, so I'll clarify the relevant ones:

---

## Victoria, Texas (USA)

There *are business listings* showing a **Southwest Airlines location in Victoria, TX**, but these are **likely outdated or not official passenger service offices**:

 **4306 N Ben Jordan St, Victoria, TX 77901, USA**  
 +1 361-240-8373 (local listing phone) ([MapQuest](#))

 **1203 N Bridge St, Victoria, TX 77901, USA**  
 +1 361-551-0258 (local listing) ([MapQuest](#))

### Important context:

- These map listings exist, but **Southwest Airlines does *not* officially list a public passenger office at these physical addresses in Victoria, TX**. They are likely outdated or third-party database entries rather than official Southwest customer service locations.
- Victoria, TX is served by **Victoria Regional Airport (VCT)** for air service, but Southwest does *not* currently operate scheduled flights into Victoria Regional Airport; other regional airlines (for example in the Essential Air Service program) may serve the area instead. ([Victoria Regional Airport](#))

So in **Victoria, Texas**, there is **no verified, official Southwest Airlines passenger office** you can walk into for airline services.

---

## Victoria (Other Cities/Nations)

### Victoria, British Columbia (Canada)

- **Southwest Airlines does *not* operate in Canada** and does not have an office in Victoria, BC.
- If you see listings for air carriers in Victoria, BC, they are typically local carriers (e.g., Flair Airlines, Link Airways) — *not Southwest*. ([Airlines-Office](#))

### Victoria, Australia

- There is **no Southwest Airlines office** in Victoria, Australia — Southwest is a U.S. carrier and very rarely has in-person offices outside North America.
  - Any “Southwest” name in Australia will typically refer to non-related aviation businesses or travel agencies — not the airline itself. (General industry knowledge.)
- 

## How to Contact Southwest Airlines (Global/General Support)

Because there is **no official Southwest Airlines office in “Victoria” (TX, BC, Australia, or elsewhere)**, here are the main ways to contact the airline:

### Southwest U.S. Customer Service

 **1-800-435-9792** — main reservations/assistance line for flight bookings, changes, and support (U.S. number but reachable internationally via appropriate dialing codes).

 <https://www.southwest.com/> — official site for reservations, check-in, flight information, and online support.

**Note:** Phone support often also has specialized lines for Rapid Rewards, group travel, and travel funds; these vary by region and purpose. ([History Council of Victoria](#))

---

## Summary

Location	Southwest Office Status
Victoria, Texas (USA)	✗ No official Southwest passenger office (map listings exist but are not confirmed)
Victoria, British Columbia (Canada)	✗ No Southwest office (carrier doesn’t operate there)
Victoria, Australia	✗ No Southwest office
Best Contact Method	 1-800-435-9792 or <b>southwest.com</b> (official airline support)

---

## Quick Tip

If you’re in Victoria, TX and need to *fly Southwest*, you’ll likely have to depart from the nearest Southwest-served airport (e.g., San Antonio International Airport (SAT) or Houston Hobby Airport (HOU)), and use Southwest’s phone or online service for bookings and support rather than a local office.

---

If you want, I can help you find the **nearest airport to Victoria, TX that has active Southwest service** — just let me know!
