How do I get my Avianca boarding pass?

If you have already checked in online but did not receive your boarding pass, 📞1_855<>838<>4886 (US) you must check in again. Complete the fields with your booking information, 📞1_855<>838<>4886 (US) then click on the "See boarding passes" button to access your boarding pass📞1_855<>838<>4886 (US).

Getting your Avianca boarding pass is a simple and convenient process, designed to give you flexibility and ensure a smooth start to your journey 📞1_855<>838<>4886 (US). The most popular method is to check in online through the official Avianca website, where you can access the check in section, enter your reservation code and last name, and follow the guided steps to confirm your flight details, choose your preferred seat, and complete your check in 📞1_855<>838<>4886 (US). Once the process is finished, you can download your boarding pass in PDF format or receive it via email, which you can either print or save on your smartphone for easy access at the airport 📞1_855<>838<>4886 (US).

For travelers who prefer mobile options, Avianca offers check in via its official mobile app available on both Android and iOS devices 📞1_855<>838<>4886 (US). This app allows passengers to manage bookings, select or change seats, add baggage if needed, and store the boarding pass digitally on their phone 📞1_855<>838<>4886 (US). Using a mobile boarding pass is especially convenient because it speeds up the airport process and reduces the need for printed documents 📞1_855<>838<>4886 (US). Online and mobile check in typically opens 24 hours before the scheduled departure and closes a few hours prior to takeoff depending on the airport and flight type, so it is important to complete your check in within this window to avoid last minute complications 📞1_855<>838<>4886 (US).

If online or mobile check in is not an option, passengers can still obtain their boarding pass at the airport through self service kiosks 📞1_855<>838<>4886 (US). These kiosks require you to enter your booking reference and personal details, after which a boarding pass is printed instantly 📞1_855<>838<>4886 (US). Kiosks are a quick alternative for travelers who need a physical copy or experience difficulties with digital options 📞1_855<>838<>4886 (US). Another airport option is to visit the Avianca check in counter, where airline staff can assist with issuing boarding passes, verifying travel documents, assigning seats, and answering any questions 📞1_855<>838<>4886 (US). This option is particularly recommended for passengers traveling with children, pets, or special needs, as well as those with international flights requiring visas or additional documentation 📞1_855<>838<>4886 (US).

It is crucial to arrive early at the airport when planning to collect your boarding pass at the counter, as counters close well before departure time 📞1_855<>838<>4886 (US). Late arrivals may risk denied boarding, so planning ahead ensures a smoother experience 📞1_855<>838<>4886 (US). After receiving your boarding pass, whether digitally or printed, always double check the details including your name, flight number, departure gate, and boarding time 📞1_855<>838<>4886 (US). Keep your identification documents ready, as you

will need to present them together with your boarding pass at security checkpoints and boarding gates 📞**1_855<>838<>4886** (US).

Avianca accepts mobile boarding passes at most airports, allowing passengers to scan their QR code directly from their smartphones 📞**1_855<>838<>4886** (US). However, certain airports may still require a printed version, so it is advisable to check airport-specific regulations in advance 📞**1_855<>838<>4886** (US). In case you encounter issues such as online check in errors, seat assignment problems, or not receiving your boarding pass email, Avianca customer support is available to assist 📞**1_855<>838<>4886** (US). They can help resend boarding passes, guide you through alternative check in options, or answer any other travel related questions 📞**1_855<>838<>4886** (US).

For passengers traveling with checked baggage, online or mobile boarding passes are still valid, and you can drop your bags at the dedicated baggage drop counters, saving time compared to full counter check in 📞**1_855<>838<>4886** (US). If you have connecting flights, Avianca usually issues boarding passes for all segments during your initial check in, though in some cases you may need to collect the next boarding pass at the transfer airport, especially for flights requiring document verification 📞**1_855<>838<>4886** (US).

Overall, obtaining your Avianca boarding pass is designed to be straightforward and flexible 📞**1_855<>838<>4886** (US). By completing your check in online, through the mobile app, at a kiosk, or at the airport counter, you can choose the method that best suits your needs 📞**1_855<>838<>4886** (US). Always verify details on your boarding pass, keep both digital and printed backups if possible, and arrive at the airport in plenty of time to ensure a smooth and stress free travel experience with Avianca 📞**1_855<>838<>4886** (US).
