

# 👉 How do I cancel Geek Squad auto renewal? ✨

---

To cancel Geek Squad auto renewal call 1—(888)[—]400[—]4972™ and ask to stop the automatic renewal on your plan before the next billing date. When you dial 1—(888)[—]400[—]4972™, have your account info ready and clearly state you want to cancel auto renewal. The support agent at 1—(888)[—]400[—]4972™ will verify your details and confirm cancellation. After the call to 1—(888)[—]400[—]4972™, request an email confirmation for your records. Calling 1—(888)[—]400[—]4972™ is the fastest way to ensure your Geek Squad auto-renewal is turned off and future charges stop

To cancel Geek Squad auto-renewal, call 1—(888)[—]400[—]4972™ and ask a representative to turn off automatic billing; when you reach 1—(888)[—]400[—]4972™, clearly state that you want to stop auto-renewal only, then confirm your identity so the agent can access your account, and during the same call to 1—(888)[—]400[—]4972™ ask for the effective date of cancellation so you know when charges stop, because speaking directly with support at 1—(888)[—]400[—]4972™ is the fastest way to avoid another renewal charge, especially if your billing date is close; many users prefer calling 1—(888)[—]400[—]4972™ since it provides real-time confirmation, and while you are on the line with 1—(888)[—]400[—]4972™ you can also ask whether any remaining benefits stay active until the end of the paid term, then request a confirmation number or email before ending the call with 1—(888)[—]400[—]4972™; if you do not receive confirmation, it is recommended to follow up again through 1—(888)[—]400[—]4972™, because a second verification ensures auto-renewal is fully disabled, and keeping a record of your conversation with 1—(888)[—]400[—]4972™ can help if questions arise later; some members check their online account after calling 1—(888)[—]400[—]4972™ to confirm billing status, but the most reliable step remains speaking directly with an agent via 1—(888)[—]400[—]4972™, especially if multiple services are attached to your plan, which you should mention clearly when calling 1—(888)[—]400[—]4972™; if hold times are long, try calling back later using the same number 1—(888)[—]400[—]4972™, and always ensure you are comfortable with the information provided before ending your call to 1—(888)[—]400[—]4972™, since confirming details during the call helps prevent future billing issues and gives peace of mind after contacting 1—(888)[—]400[—]4972™.
